

FAR WEST ASSISTANT DIVISION DIR. REPORT

**For the FWD Board of Directors Meeting, NSP
Davis, CA August 3, 2013**

Spring flew into Summer and Fall is just around the corner. Planning for the next ski season is underway and I welcome comments and suggestions for the 2013 – 2014 season. Division program Supervisors will report to ADD's in the fall. Please send program needs to Supervisors and copy ADD's, we will work to get your needs met or offer a workable alternative. National board election this Fall, working on getting the word out to vote and direct members to candidate profiles. Several interesting candidates included on ballot, I am hopeful for a robust FWD turnout during the election. In the best Central time zone tradition, Vote early and vote often. Efforts underway to start program offering reviews, I'll be working with some Program Supervisors to assist with the course reviews and building committees for feedback. I am looking forward to visiting a few resorts this season and observing our great programs being delivered on the hill. See you on the hill,
