

March 2013 — Alumni report

Bill: As of today we have 342 alumni members. At one time we had about 100 life members. Now, that would be roughly a third. If the return to FWD is \$10 each that's \$2420 from the paying members. We have 21 members name and telephone number only, and 7, name only. An old friend from Idaho, Marty Huebner, 208-522-6475, has been appointed national alumni advisor. Keeping people is vital, access to the ski area leader is the key to this. On top of this, I'm sure they want fund raising events.
