SEASON HIGHLIGHTS — total classes — total participants

- Four 125 Hour Classes (OEC) representing 41 enrolled students
- Seventeen 28 Hour Classes (OEC/On-Hill Refreshers) representing enrolled 583 students

GOALS FOR COMING SEASON:

- Increase class enrollments by 10% through expansion of patrols in Southern California
- Submit class schedule to CCP by June 1st , 2014 for 14-15 classes to avoid the problem that occurred in 13/14 when some classes were not registered due to Community College enrolment limitations.
- Improve MOU/Financial report submission process/timeliness to improve the time it takes local patrols to receive checks from FWD

ISSUES and RESOLUTIONS:

- Four of our 28 hour classes, representing 228 students (39% of total submitted enrollments) were not registered by CCP due to students enrollment limitations at the local Community Colleges.
- 2012/2013 Season CCP funds were not distributed to local patrols until Q1 2014 due to issues around timeliness of MOU and financial report submission
