SEASON HIGHLIGHTS — total classes — total participants
Meeting with National Medical Advisory Board April 8th – April 9th 2015
Working with Regional OEC Supervisors to have a unified voice for the FWD
Assisting and advising on OEC protocol issues

GOALS FOR COMING SEASON:
Continued communication with EACH regions' OEC supervisor
Working with Dr Johe and the National Medical Advisory team on updates for OEC protocols and procedures

ISSUES and RESOLUTIONS:
Much of the conversations and discussions at the Medical Advisory meeting were centered around the growing necessity for “peer review”.
Revised and/or new content for the next version of our OEC textbook
Discussed whether the Posterior Sterno-clavicular reduction was really necessary for the next OEC edition
Discussed the latest pre-hospital care in specialty areas such as Ortho, Neuro trauma and pediatrics.
