

REPORT TO THE FAR WEST DIVISION  
**PROGRAM STATUS REPORT**  
*FWD 2015 – 2016 RECAP*  
REPORT DUE June 30, 2016

**PROGRAM: CCP**

**FROM:** Steven Thorsted

**DATE:** June 10, 2016

**Limit report to 1 page — do not send as PDF — email to Secretary waits\_janice@cusdk8.org**

SEASON HIGHLIGHTS — total classes — total participants

REFRESHER: 14 patrols of the 27 in the Division participated in the program. That represents approximately 570 patrollers.

OEC: 13 classes were given in Division, at this time I do not know how many candidates were enrolled, nor do I know how many passed their respective classes.

A new CCP Advisor has been selected, Steven Thorsted. Steve has handled the Southern California Region CCP for the past three years and is a retired educator.

GOALS FOR COMING SEASON:

1. Add enrollment of the CCP to the annual NSP enrollment form.
2. Change the grade sheets for the program to become more user friendly.
3. Add two patrols to the program.
4. Start working with South Bay to develop new class offerings.
5. Change the MOU process.

ISSUES and [RESOLUTIONS](#)

Southern California Region has issues with the program dealing with the payment of funds in a timely manner. Payments are much better than a few years ago, but they could be much better still. [I suggest we issue payment for a class to the patrol or Region within 60 days of our receiving funding for the program.](#)

We need to add classes to the program. There are many classes that could be added: Senior, Certified, Avalanche, Toboggan Handling, Ski Enhancement, and Mountaineering. [Find out what requirements and timelines are needed to be met by South Bay for new classes.](#)
