SEASON HIGHLIGHTS TO DATE — total classes — total participants

We have had two meetings to talk general values of the backcountry and nordic community. The first meeting held simultaneously at the Davis ICE clinic. We began a process to develop a strategic plan for the nordic and backcountry communities that serve the FWD. In this we documented various 'values' important to our stakeholders.

Three patrols also met with me on a conference call to discuss the Senior and/or the Master's program in its current form. This is part of a periodic meeting to discuss and share general topics in a transparent manner.

I also was able to travel to Mt Pinos and learn about their services at their mountain. I will be planning a trip to the other mountains soon.

SEASON GOALS:

Create an outline for a FWD Nordic and/or Backcountry strategic plan highlighting what is valuable to our community today.

ISSUES and RESOLUTIONS:

None
