GOALS FOR COMING SEASON:

MTR CE at Tri Advisory

Have Avalanche continue to be a requirement for MTR 2 and to become a MTR Instructor.

Have another stellar year of snow!

Attended PowderFall 2017 - SnowMass. MTR program headed by National MTR Director. good ideas in the CE course and good ideas for activities exchanged with other Divisions Supervisors and MTR instructors in attendance.

ISSUES and RESOLUTIONS:

Avalanche requirements has been removed from a requirement for MTR 2. This to assist divisions that have problem with finding Avalanche terrain (Southern, Central, lots of Eastern). Also to help the Nordic program with optaining patrollers to Senior status in thoes divisions.

In our MTR meetings was OK'ed for divisions to continue this as a requirement. My policy is to continue Avalanche a requirement. Can the Board make this official?
