

REPORT TO THE FAR WEST DIVISION
PROGRAM STATUS REPORT

2016-2017 SEASON REPORT – due: JULY 5 ~~JULY 10, 2017~~

PROGRAM: SAR North

FROM: Roger Yang

DATE: 6/30/117

Limit report to 1 page — do not send as PDF — email to Secretary jrwaits40@gmail.com

SEASON HIGHLIGHTS — total classes — total participants

SAR North planned monthly training days from December 2016-April 2017. Each training day included helicopter rescue training with CHP, Care Flight, or NAS Fallon. However due to severe weather the helicopter crews were unable to fly on all but the April training session. In addition, the storms closed I-80 on several of the planned days. Thus, training was cancelled every month except April. April training was well attended with 30 members participating.

Despite the record breaking snow year, there were no searches called throughout the entire 2016-17 season.

GOALS FOR COMING SEASON:

Monthly training days with helicopter rescue training included. Strong participation and performance on searches.

ISSUES and RESOLUTIONS:

None at this time.
