GOALS FOR COMING SEASON:

Post interesting and current and compelling information provided by the program managers. I'd also like to get a photo of each program manager, along with a brief ski patrol bio. Check Trudy's Women's Program for best example.

\$60 FOR POSSIBLE 'SOFTWARE' UPGRADE

ISSUES and RESOLUTIONS:

Most of the content on the program pages is not current or compelling. A few exceptions, and pages other Program Managers should model, are the Women's Program - Trudy Nye, Newsletters - Tim Viall, and Recruiting - John McGuigan.

This is a page by page review.

- Home Page - Do we want to keep the NSP training videos on the home page?
- Calendar Page - No content on that Google Calendar
- Officers/Staff - I believe all the contacts are current
- Patrol Links - I believe all the contacts are current
- Avalanche - Content looks good - any updates for 2018-2019 season? Would like to get a photo and brief ski patrol bio for Keith
- Awards - Very old content. Last update was 2015 . Would like to get photo and brief ski patrol bio for Bill
- Community Service Opportunities - Sea Otter Classic for 2019 is posted
- Conferences and Events - Tri Advisory is posted here. Need updated info for 2018.
- Document Library - Report forms and other downloadable documents
- Minutes & Archives - Full of downloadable files
- Instructor Development - Old and static content. Would like a photo and brief ski patrol bio for Douglas Hill
- MTR - Old and static content. Would also like to add a photo and brief ski patrol bio of Karl
- Newsletter - All good. Have a photo and bio for Tim, and newsletters in PDF to download are available.
- Nordic - No content. Would like to add a photo and brief ski patrol bio for Jeff Gurrola
- OEC - Static content. Would like a photo and brief ski patrol bio for Kevin Qualseth
- OET - Static content. Would like a photo and brief ski patrol bio of Daryl
- Promotion/Recruiting - All good. Great photo of John and ski patrol bio.
- Women's Program - Best page on the FWD site. Great photo and bio of Trudy. She updates the content of upcoming trainings for the season. She has event summaries and photos of past training sessions going back

several years.
